Article 23 – Attendance Video Series

January 1, 2025

Brothers and Sisters,

For the past few months, the goal of the TWU Local 555 Education Committee has been to expand and enhance our commitment to informing and engaging our members with high-quality educational content. We are excited to begin 2025 by releasing the first of an eight-part video series on January 1st through January 8th, with a new video being posted each day, addressing an overview of our attendance rights and responsibilities as outlined in Article 23 - Attendance.

Article 23 is being prioritized due to the substantial volume of preventable terminations that our membership has continued to experience in 2024. These videos are available on our website, YouTube channel, and social media platforms linked below. We urge everyone to bookmark, subscribe, follow and share these videos so that the information required to prevent unnecessary terminations reaches those who may need it.

Realistically, it isn't possible to address every individual scenario in a short form video series. Our hope is that this series will provide a fundamental outline explaining the basics of our attendance policy in Article 23 and a basis to provoke further discussion and understanding of our contractual rights. If you have any further questions, please do not hesitate to reach out to your Local Station Representative for further clarification.

In Solidarity,

Your Education Committee
