Brothers and Sisters,

Last week, I stated that you would be provided an update regarding a potential meeting with the Company. The Company reached out to the Transport Workers Union International as well as the Locals represented by TWU to request a meeting. However, we have declined to participate in the proposed meeting due to the terms and conditions that were attached that would not allow us to keep an open dialogue with you, the Membership.

We know that you all have a lot of questions about what is going on and we are ready and willing to meet with the Company without any specific terms or conditions. We remain focused on protecting the Membership and will update you with any further developments.

In Solidarity,

**Abilio Villaverde
President**
